State of California - Department of Fish and Wildlife
NO EFFECT DETERMINATION REQUEST
DFW 866 (Rev 01/13)

Lead agencies or project applicants that anticipate their project having no effect on fish and wildlife may use this form to request a "No Effect" Determination (NED) from the California Department of Fish and Wildlife (Department). This form prompts submittal of required information specified in the California Code of Regulations (Title 14 Section 753.5(c)(1)(A)). The California Environmental Quality Act (CEQA) document that was prepared for the project or a link to the webpage where the CEQA document has been published must also be provided with the written request.

Requests should be submitted when the CEQA document is released for public review, or as early as possible in the public comment period. Requests should include sufficient documentation to support a no effect determination, and must be submitted to the appropriate Regional Office. Requests for projects with multi-region or statewide impacts should be submitted to the Habitat Conservation Planning Branch.

If insufficient documentation is submitted, or if the project will cause a physical disturbance to habitat regardless of the magnitude of effect or size of a project a NED will not be issued. Please refer to Title 14 California Code of Regulations 753.5(d) for determination criteria.

The district service area and portions proposed for inclusion in the updated sphere of influence boundary (mostly infilling) covers approximately 32,000 acres, delivers irrigation water to the valley floor from the northern part of Tehama County, through the City of Anderson and Cottonwood, and up to the City of Redding.

Use "Comment" section on next page if more room is needed.

Brief Project Description: (Include details on the type of project; e.g. new construction [with square footage], demolition of existing buildings, adaptive reuse of existing buildings, zoning amendments, general plan amendments, conditional use for sale of alcoholic beverages, etc.)

This mandated update establishes baseline information for this agency's services and sphere of influence boundaries. The agency has provided irrigation water to customers in this area since 1914. There are no boundary changes involved in this project.

Use "Comment" section on next page if more room is needed.

Justification of No Effect Determination [Explain how the proposed project has no effect on fish and wildlife consistent with 14 CCR § 753.5(d)]:

CEQA Document Type: Statutory Exemption, Section 15262-Feasibility & Planning Studies. LAFCO is mandated to conduct a services review (GC 56430) and a sphere of influence update (GC 56425) by 01/01/08, and is further required to review these two actions every five years thereafter, as needed. All local agencies must have these updated studies reviewed and established before LAFCO can approve any future boundary change proposals.

Use "Comment" section on next page if more room is needed.
